Sayyid Al-Hakeem Applauds Higher Education Ministry's Curricula Inclusion Dictatorship Crimes

Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, lauded The Ministry of Higher Education and Scientific Research for taking a step in the right direction by deciding to incorporate the crimes of the dictatorial era into its curriculum.

His Eminence tweeted on 17/8/2023: “The Ministry of Higher Education and Scientific Research has taken a step in the right direction by deciding to incorporate the crimes of the dictatorial era into its curriculum in both public and private universities across all disciplines. While we laud this correct national step, we hope that it will expand to encompass the sacrifices made by our Iraqi people, with all their components, in the path of freedom and democracy in the post-change era after the terror of Al-Qaeda and ISIL. We also urge the Ministry of Education to take a similar initiative to immortalize the achievements of our people and prevent their erasure from the memory of current and future generations.”
