Sayyid Al-Hakeem to Palestinian National Council’s President: We support Palestinian people’s right until they have rights and establish their land

Sayyid Ammar Al-Hakeem, Head of Al-Hikma National Movement, received Mr. Ruhi Fatoh, president of the Palestinian National Council, and his accompanying delegation on 16/10/2023. They discussed the developments in the events in Palestine, specifically in the Gaza Strip. His Eminence renewed his full support for the Palestinian people in defending themselves and taking their legitimate rights to establish their state and restore their land. H.E. also renewed his condemnation of the international silence regarding the ongoing massacres, holding the international community responsible for protecting the Palestinian people from the genocide they are subjected to.

His Eminence called for the opening of the crossings to allow humanitarian and medical aid to enter, illustrating that the Iraqi people support the Palestinian cause and consider it the first issue at the Arab and Islamic levels. H.E. reminded the delegation of the positions of the blessed religious authority throughout its history in supporting Palestine and its people. H.E. also illustrated that the recent statement of the Supreme Religious Authority represents a roadmap to resolve the crisis.
