Sayyid Al-Hakeem calls for Faili unity to preserve component’s rights

Sayyid Ammar Al-Hakeem, Head of Al-Hikma National Movement, met a gathering of esteemed Faili brethren, led by Sheikh Asadullah Al-Faili, the head of the National Alliance for Faili Kurds on 30/10/2023, and revisited the shared history, marked by the blending of blood and tears. The Faili community has been repeatedly targeted, both for their national identity and their affiliation with Ahl Al-Bayt's “Peace Be Upon Them”.

His Eminence called for unity among the Faili people and urged contemplation of past experiences when the scattering of voices led to the forfeiture of their rights. It was underscored that personal ambitions should never take precedence over the interests of the Faili community, its members, and their political representation.

H.E. also emphasized the importance of grasping the prevailing public mood, grassroots engagement, and persuading the electorate to participate and cast their votes for the most qualified, competent, virtuous, and accountable candidates.
