# Sayyid Al-Hakeem calls on organizational leaders in Diwaniyah to work for the service of the people of Diwaniyah

At the conclusion of his tour in the beloved province of Diwaniyah, Sayyid Ammar Al-Hakeem, Head of Al-Hikma National Movement, met with a large gathering of organizational leaders in the province. H.E. highlighted the characteristics of Al-Hikma School that distinguish it and make it unique and outstanding, including its historical depth that extends for more than 100 years and its contributions, such as the convoys of martyrs who sacrificed for religion and country. H.E. emphasized that Al-Hikma prioritizes the public interest (the people's interests) over private interests and its belief that we adhere to the logic of means consistent with the ends. Noble goals must be achieved through noble means, and H.E. completely rejects the Machiavellian logic that says the end justifies the means.

H.E. emphasized serving the people, citing the noble verse: " ’They are’ those who, if established in the land by Us, would perform prayer, pay alms-tax, encourage what is good, and forbid what is evil. And with Allah rests the outcome of all affairs." representing our approach, stressing that they work to religiously commit politics without politicizing religion.

H.E. urged Al-Hikma leaders in Diwaniyah to work diligently to serve the people of the province, regardless of their stance towards them, whether supportive or reserved. H.E. also urged them to familiarize themselves with their project and to communicate with everyone in service to our people, affirming that the observations we have noted about the province and those raised by the people of Diwaniyah will be followed up with the Prime Minister and the relevant ministries
