Sayyid Al-Hakeem: We Admire and Respect the Supreme Religious Authority’s Statement Expressing Deep Sorrow and Anguish Over Brutal Israeli Attacks

Sayyid Ammar Al-Hakeem, Head of the National State Powers' Alliance, urged to exert all efforts to halt the brutal aggression targeting Lebanese villages and cities in a statement on telegram:

“We express our utmost respect and admiration for the statement issued by the Supreme Religious Authority, which conveyed deep sorrow and anguish over the brutal Israeli assaults, urging all possible efforts to halt this violent aggression.

In light of this, we urge members of Al-Hikma National Movement (including its organizations, cadres, and institutions), as well as all believers and people of conscience, to swiftly provide humanitarian aid to the beloved Lebanese people.

We also stress the need for serious efforts to put an end to the barbaric onslaught and to protect innocent civilians, particularly as Lebanese villages and cities are being brutally targeted.

We pray to Almighty Allah to safeguard Lebanon and its people from harm, to grant His boundless mercy to its righteous martyrs, especially the courageous resistance fighters, to grant a speedy recovery to the wounded, and to maintain peace and stability across the country.”
