Sayyid Al-Hakeem at Al-Hikma National Movement Advisory Board’s Regular Meeting: Calls for Internal Unity, to Confront Regional Challenges

During the regular meeting of the Advisory Board of Al-Hikma National Movement, Sayyid Ammar Al-Hakeem, Head of the National State Powers Alliance, extended his congratulations to the attendees on the arrival of the revered month of Sha’ban. His Eminence emphasized its sacred significance, as it is associated with the Noble Messenger (PBUH) and the births of the Pure Imams—Al-Hussein, Abu Al-Fadl Al-Abbas, and Imam Al-Sajjad (peace be upon them).

The meeting covered agenda items and included discussions on regional developments. H.E. stressed the importance of approaching events with a rational perspective that avoids both exaggeration and understatement. H.E. noted that ignoring challenges is unrealistic, while amplifying them unnecessarily is equally unacceptable. Addressing these challenges, H.E. emphasized, requires strengthening internal unity, maintaining a unified stance, resolving crises, and ensuring the effective implementation of the government’s program.

Regarding Gaza, H.E. highlighted the prisoner exchange process as a true victory for the Palestinian people. However, H.E. also warned against plans aimed at displacing Gaza’s residents to other countries.

On domestic affairs, H.E. reiterated the need to proceed with budget amendments that serve the public interest and ensure social justice. H.E. underscored the importance of addressing government project funding issues to guarantee their efficient execution.

Concluding the meeting, H.E. called for utilizing the blessed months of Sha’ban and Ramadan as an opportunity for worship, serving the people’s needs, and fostering both national and spiritual values within society.
