Sayyid Al-Hakeem: Moderation, Centrism, Youth Empowerment, Approaches Most Adopted by Political Powers

His Eminence Sayyid Al-Hakeem, Head of the National State Powers' Alliance and Head of Al-Hikma National Movement, met a group of organizational leaders in Al-Shatra district in Thi Qar Governorate, congratulating them on the birth anniversary of Lady Zaynab (PBUH), recalling her (PBUH) stance in the Battle of Al-Taff, her role, her sermons, and her positions in defending Imam Hussein (PBUH) and clarifying his project, closing ranks, standing firmly in the face of the enemies, proving steadfastness and refusing to break, and protecting the captives, until the entire case turned against the killers of Imam Hussein (PBUH). H.E. called for drawing lessons and morals from the life of Lady Zaynab (PBUH) by standing with strength and valor and defending the project.

H.E. explained that people are of four types: the loving ones; the indifferent ones, who do not know the history of Al-Hikma because they belong to the new generations; a third type, the political adversaries who fear Al-Hikma's history, strength, and sphere of influence; and a fourth type, those affected by smear campaigns, who are confused and have no agenda, calling for addressing each type with tools different from those used with the other.

H.E. clarified that his visits to the governorates proved the acceptance of Al-Hikma national project and the extent of its influence, calling for arming themselves with high resolve, taking the initiative and influence, and leaving a mark in the field, and urging members in Al-Shatra district in Thi Qar to rely on Allah and be an icon of success, and stressing getting to know the Al-Hikma project and declaring the movement identity openly with pride and honor, as well as the country's political stance. H.E. also explained that the approach of moderation and centrism and youth empowerment have become the two approaches most adopted by political forces, after they had been met with objection, and at times targeting and accusations of treason, against Al-Hikma National Movement.
