Sayyid Al-Hakeem: Al-Hikma Project For Homeland Development, Country Stability, Society Prosperity, Followers Responsible to Promote Its Message

His Eminence Sayyid Al-Hakeem, Head of the National State Powers' Alliance and Head of Al-Hikma National Movement, met a group of women organizational leaders on the Karkh side of Baghdad.

H.E. commended the efforts being made in service of the Al-Hikma project, explaining that achieving the goals requires an exceptional effort in clarifying the nature and particulars of the project.

H.E. stressed the importance of making the Al-Hikma project known after becoming acquainted with it, calling for seeking success from Allah after exerting the required efforts, and describing the project as a qualitative addition to the Iraqi reality, for it is a project for the development of a homeland, the stability of a country, and the prosperity of a society, while stressing the need to become acquainted with the political reality and determine a position on it.

H.E. also stressed the need to tailor the discourse to the target groups, charging the sons and daughters of Al-Hikma with the responsibility of openly declaring the movement's identity and taking pride in it, and in the path of the martyred leaders.
