Sayyid Al-Hakeem Affirms Developing Atomic Energy Authority's Work, Protecting Staff, Guaranteeing Rights

His Eminence Sayyid Al-Hakeem, Head of the National State Powers' Alliance, received at his office in Baghdad Ms. Thanaa Jasib Al-Zijrawi, Head of the Iraqi Atomic Energy Authority, and listened to her briefing on the Authority's situation and ways of advancing it, calling for enabling it to carry out its assigned tasks in accordance with its law enacted by the Parliament.

H.E. stressed the importance of addressing pollution and raising citizens' awareness regarding these sites, as well as protecting the staff working there, taking care of them, and granting them their required rights.

H.E. also called for attention to the health aspect and medicines, scientific research and nurturing scientific competencies, coordination with universities and local governments, and contributing to supporting the agricultural sector.
